Hi Lorena,

I think it would be better if you do that on your end and that way you can place new locks on their immediately without having the carts left open - there is no telling when and if our C&M folks would go down there and do that. I think a nice bolt cutter would really do the job.

Augie

Augie,

As I mentioned to you before, I tried every key that I have and do not have the keys to the red carts.

Can your construction/maintenance department cut the locks for us?

Thanks.

Hi Lorena,

I hope that you had a nice holiday season and happy new year. I'm looking forward to the new year and I was hoping that you can arrange a couple of meetings? One to discuss the red carts that are sitting at the fountain and the other to discuss the red trolleys. Please set up a meeting with me, you and Danny Salas in regards to the red carts and anyone else that you think should be there. Danny has experience in carts like these in Long Beach and I would like to hear what he has to say. Perhaps we can meet at the carts so that we can take a good look at them? I would hope that you could have them unlocked before we meet. You, me and Jonathan met a while back to discuss the trolleys and there were a list of action items that we discussed. I would like the 3 of us to meet again to see where we're at. All the best!

Thanks,
Augie
